Dear Educator,

We are honored to have YOU in the Lead4Change member community. We believe that your students deserve the best educational solutions that are proven, easy to implement and free.

The Lead4Change Student Leadership Program is a program of the Foundation for Impact on Literacy and Learning and the Lift a Life Novak Family Foundation.

Now that you have registered, it is easy to implement or share the program. On Lead4Change.org, you can log into your member dashboard and complete the program “Start to Finish” in these steps:

1. Create your member profile
2. Access and teach the Leadership Lessons
3. Share your story

When you share your story in the Lead4Change Challenge, student teams become eligible to win up to $10,000 for their school or charity to continue the work they did in their project. We have awarded hundreds of grants, all across the US, totaling more than $1.6 million since 2012.

Enclosed in this Welcome Packet is a copy of Taking People with You: How to Make BIG Things Happen by David Novak, along with a printed copy of the Lead4Change Lesson 1 – teacher and student edition. Lesson 1 gives you a taste of the power of the program. We join you in the goal of turning every student into their best self ... a Leader!!

Everything you need is available on Lead4Change.org. Log into your member dashboard to find incredible resources such as a pre- and post- leadership survey for students; complete lesson sets; alignment and integration guides to support your educational goals and standards, and so much more.

Our outreach team will connect with you to provide peer-to-peer educator support throughout the year. We can’t wait to begin!

Best regards,

Diane Barrett
Executive Director,
